## Letter of Assurance Related to Purchase of Fluorinated Greenhouse Gases (F-Gases)

**Customer details**

Company name:

Address:

Phone number:

Contact email:

Name and role of authorised signatory:

Customer account number:

Branches/locations related to this letter are listed in Appendix 3.

This Letter of Assurance is provided by \_\_\_\_\_ to confirm that  
we are permitted to purchase bulk F-Gases under the rules specified in the EU F-Gas Regulation 517/2014.

\_\_\_\_\_ is aware of the requirements of the EU F-Gas  
Regulation, which has the aim of minimising emissions of F-Gases in the EU. In particular we are aware that:

1. The intentional release of F-Gases into the atmosphere shall be prohibited where the release is not technically necessary for the intended use.
2. Operators of equipment that contains F-Gases shall take precautions to prevent the unintentional release ('leakage') of those gases and to take all measures which are technically and economically feasible to minimise leakage of fluorinated greenhouse gases.
3. Undertakings carrying out the installation, servicing, maintenance, repair or decommissioning of stationary refrigeration, air-conditioning, heat pumps and fire protection systems require F-Gas certification and shall take precautionary measures to prevent leakage of F-Gases.
4. F-Gases can only be sold to undertakings with the appropriate F-Gas certification.

The intended use of the F-Gases that \_\_\_\_\_ wish to  
purchase is identified in Appendix 1. Details of the relevant certification is given in Appendix 2.

\_\_\_\_\_ gives an assurance that the certification identified  
in Appendix 2 is valid for the intended use of F-Gases and is held by all staff that carry out installation, servicing,  
maintenance or repair of the equipment that contains F-Gases.

# Appendix 1: Customer Category and Certification Details

Please tick **all** categories that apply for the intended purchases of F-Gases by

Category	Company type	Market sector	Required Certification	Tick all applicable
1		Stationary refrigeration, air-conditioning, heat pumps (RACHP)	RACHP Company Certificate	<input type="checkbox"/>
2		Stationary fire protection systems (FPS)	FPS Company Certificate	<input type="checkbox"/>
3	Contractor	Refrigerated trucks and trailers (RTT)	RACHP personnel certificate	<input type="checkbox"/>
4	Service provider	Mobile air-conditioning (MAC) in cars and light vans	MAC personnel attestation	<input type="checkbox"/>
5		High Voltage (HV) Switchgear	HV switchgear personnel certificate	<input type="checkbox"/>
6		Other transport refrigeration and mobile air-conditioning <sup>1</sup>	No certification required	<input type="checkbox"/>
7	End user	For use by own staff on RACHP, RTT, FPS or HV switchgear	Relevant personnel certificate	<input type="checkbox"/>
8	Facility management company	For issue to contractor for RACHP, FPS or HV switchgear	Contractor must have Company Certificate	<input type="checkbox"/>
9		For use by own staff on other transport refrigeration and mobile air-conditioning <sup>1</sup>	No certification required	<input type="checkbox"/>
10	Equipment Manufacturer	OEM (e.g. pre-charged RACHP, aerosols, foam) Please specify products being manufactured:	No certification required	<input type="checkbox"/>
11	Specialist user	e.g. magnesium casting, semi-conductors, laboratory uses Please describe specialist process:	No certification required	<input type="checkbox"/>
12	Reseller	Buying bulk F-Gases to resell in bulk	No certification required	<input type="checkbox"/>

<sup>1</sup>Other transport refrigeration includes small vans, iso-containers, trains, ships. Other mobile air-conditioning includes buses, trains, ships.
